A Call to Action

The most important thing you need to know is we will NEVER be more powerful than we will be tomorrow. If you do not come to DC, or meaningfully spend your day protesting somewhere else you are giving up. This is the hill we die on, except we won't die. We will retain our power and clean out corruption. They will NEVER steal another election from us if we seize the moment tomorrow. However, if we do not succeed tomorrow we will never get a chance for a fair election again. Fight for Trump, Fight for Yourself, and Fight for Your Posterity...or shut the fuck up.
